The President, District Board, South Kanara is informed that the sanction of the Government is not necessary for the payment of remuneration to the rural medical practitioner, Bajape for the cholera inoculation work performed by him during the months of September, October and November 1943 as the amount claimed is in conformity with the rate fixed in clause (9) of the form of agreement issued with G.O. The figures of inoculation work furnished with the letter quoted above show that a sum of Rs.56-8-0 is due to the medical practitioner and not Rs.56-4-0 as stated in the letter.
